

## **Lesson Three: The Research Talk**

### **Aims and Objectives**

#### **Aims:**

- 1. To effectively communicate research findings, methods, and significance to a diverse audience.**
- 2. To engage the audience in a compelling and informative research presentation.**
- 3. To provide a platform for researchers to share their work and receive constructive feedback.**
- 4. To promote the dissemination of knowledge and foster discussions on research topics.**
- 5. To enhance the skills and confidence of researchers in delivering impactful research talks.**

#### **Objectives:**

- 1. Develop the ability to structure a research talk logically, including the introduction, methodology, results, discussion, and conclusion.**
- 2. Enhance the skills necessary for clear and concise verbal communication during a research talk.**
- 3. Foster the use of visual aids and technology to support and enhance the presentation.**
- 4. Promote engagement with the audience through effective storytelling and presentation techniques.**
- 5. Encourage the handling of questions and discussions during and after the research talk.**
