### **The Constantine plan 1959-1964**

This five-year plane was announced on October 3<sup>rd</sup>, 1958 by the French colonial administration. The plan s multiple purposes were a land reform, housing construction, schooling of Algerian children, creation of new jobs and an increase in the minimum wages paid to the "indigenous" workers.

This plan's coast was estimated at 2000 billionsff (French francs) and would raise the estimated of living of the Algerian population by 20% the hidden objectives of this plan were to strengthen French capitalism.

In Algeria, create an Algerian bourgeoisie sympathetic to the French administration, neutralize Algerian nationalism led by the FLN (National liberation front) and project a prestigious image of France to international public opinion.

Among the goal of this plane was the Constriction in four years of a 400.000 tons steel mill at EL-HADJAR (Annaba) using the iron of the Ouensamines. Coal would be used as an iron reductant in the electric-arc furnace. The necessary cock estimated at 200.000 tons would be imported. Energy would be supplied by a power station using Hassi R' Mel natural gas. Rolling –mills would transform steel into sheet-metals (300.000 tons) and tubes for pipe –liens.
