

(a) Centrifugal pump

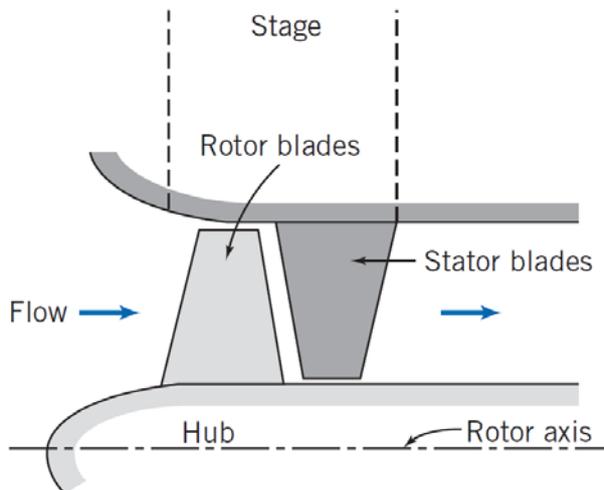

(b) Centrifugal blower

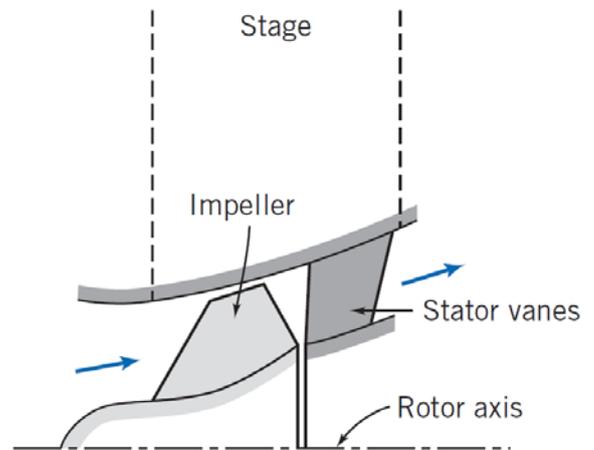

(c) Centrifugal compressor

Schematic diagrams of typical centrifugal-flow turbomachines

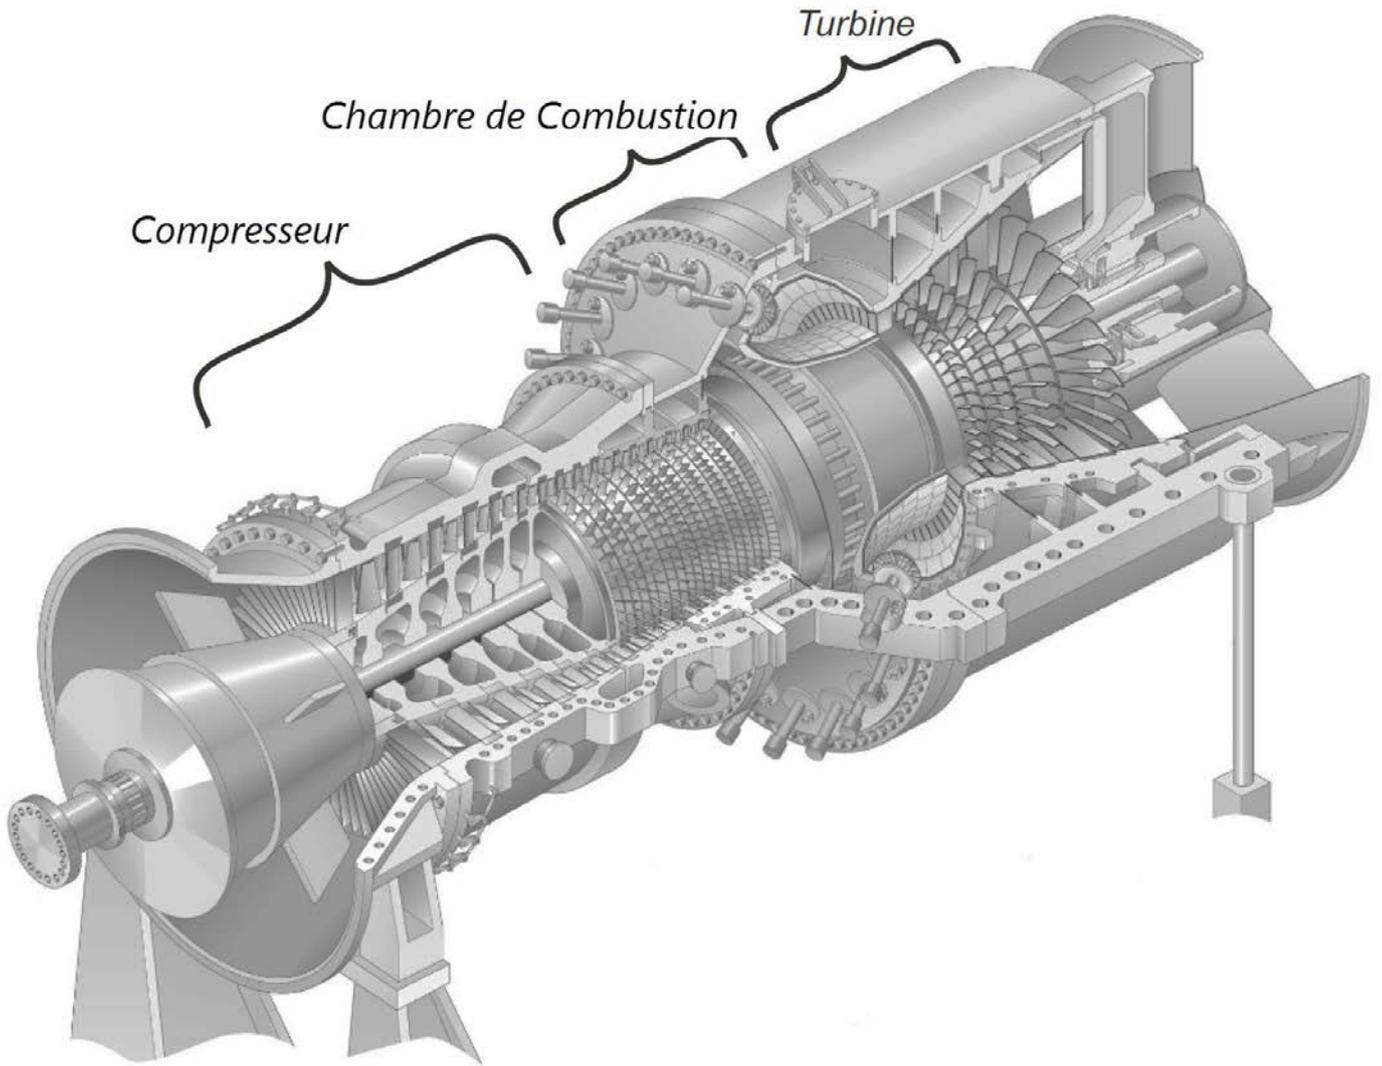

(a) Axial-flow compressor stage

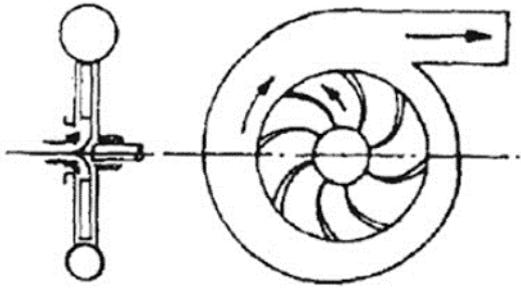

(b) Mixed-flow pump stage

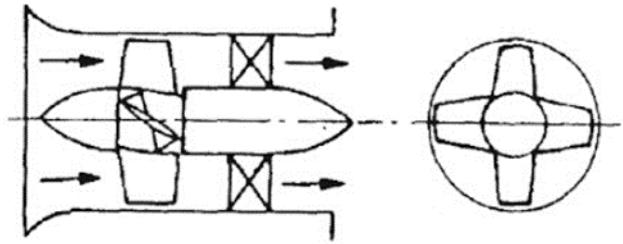

Schematic diagrams of typical axial-flow and mixed-flow turbomachines

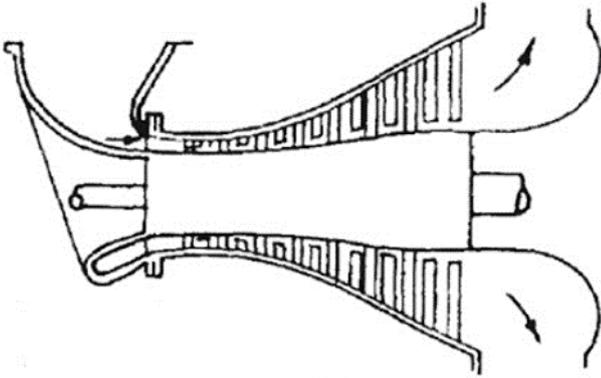

Turbine à Gaz

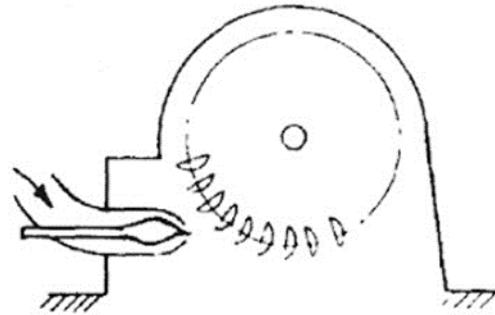

(a)

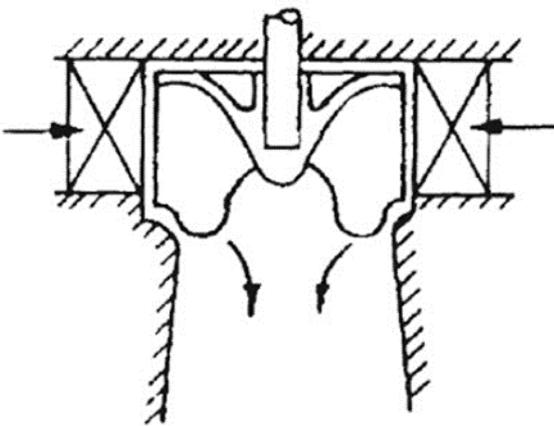

(b)

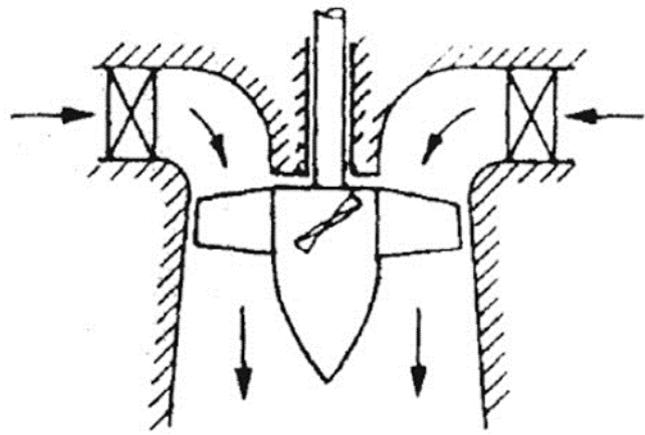

(c)

(d)

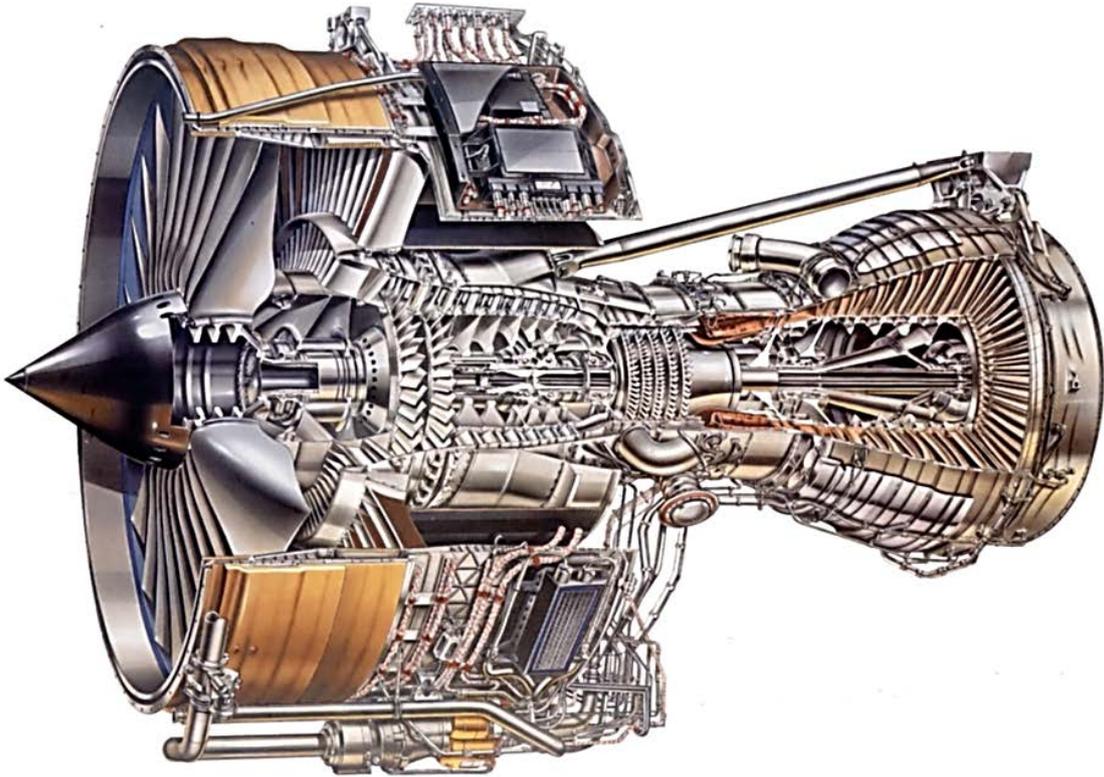

(e)

(f)

Types of turbomachines: (a) Centrifugal pump. (b) Axial flow pump. (c) Steam turbine. (d) Pelton wheel. (e) Francis turbine. (f) Kaplan turbine.

Exemple de Turbomoteur

1.

1. Pelton

2. Francis

3. Kaplan

2.
