## Third Serie (Centre of Mass)

**Exercise N°1:** Find the coordinates of the centre of mass of the following homogeneous bodies:

**Exercise N°2:** Determine, by application of Pappus's theorem, the volume obtained by the rotation of  $2\pi$  around oy of the following homogeneous surface bodies:

التمرين رقم 2: بتطبيق نظرية Pappus، أوجد الحجم الناتج عن دوران الأجسام المتجانسة الآتية حول المحورoy:
